

Business For Sale:

A fantastic opportunity has arisen to acquire a niche engineering and installation business, based in the **South West**, but fully relocatable anywhere in the **UK**.

This business is based on ground breaking, but proven and certified technology that has an enormous **B2B** customer base and snowballing demand. This business is perfectly poised to capitalise on its early-mover advantage in this emerging market.

The technology significantly improves the bottom line for the customer, while simultaneously providing environmental and maintenance benefits.

Financially, this is a **highly profitable** businesses with sales this year of **£1m** and realistic expectations to break **£5m** within 3 years and with **operating margins >20% plus**. The business already has an impressive repeat business customer base and a growing order book with a diverse range of customers (from SMEs to Bluechip) and a solid supply chain.
